REQUEST FOR A CERTIFICATE OF CORRECTION UNDER 37 CFR 1.323

Sir:

In the matter of U.S. Patent No. 7,333,685 issued February 19, 2008, a check of same against the files of the attorney of record indicates that the error described in the attached Form PTO/SB/44 was made by the Applicants inadvertently and in good faith.

More specifically, the following error made by the Applicants is of a clerical nature:

On the title page, please add the following:

"STATEMENT REGARDING FEDERALLY SPONSORED RESEARCH OR
DEVELOPMENT

U.S. Patent No. 7,333,685
Request for a Certificate of Correction

This invention was conceived under U.S. Air Force Contract No. F30602-98-C-0079. The U.S. Government has certain rights in the invention."

REMARKS

Under 35 U.S.C. 255, whenever a mistake of a clerical or typographical nature, or of minor character, which was not the fault of the Office, appears in a patent and a showing has been made that such mistake occurred in good faith, the Director may, upon payment of the required fee, issue a certificate of correction, if the correction does not involve such changes in the patent as would constitute new matter or would require examination.

In the originally-filed application, Applicants failed to identify the government support contract number under which the invention was conceived. This error was unintentional and made in good faith. Furthermore, it is clear that the correction of the error does not amount to a change in the patent that would constitute new matter or would require a search or re-examination.

The Director of Patents and Trademarks is authorized to charge the fee of \$100.00 as required under 37 CFR 1.20(a), and any additional fees, or to credit any overpayments, to Deposit Account No. 50-3718.

Respectfully submitted,
Thomas W. Stone et al., Applicants
